The above chairpersons can be reached through Local 600. They would be pleased to assist you with any of your concerns or needs.

We are members of UAW Local 600 in good standing since 1981. Along with our UAW brothers and sisters, we all face the same dilemmas in our struggle with negotiations and the economy.

We have Centers closing, members taking unpaid time off to save a member's job, and our membership is being cut drastically. With your help, by using a UAW health care unit, you are strengthening our Union. We would appreciate your support!
